Description

These are boats that can carry a lot of people and gear....the largest model accomodating up to 10 adults! * They feature pliable tubes and a low freeboard, making it easier for people to roll off and re-board. * They're built to last too, with specially reinforced fabric and aluminium and fibreglass floors for extra sturdiness in rougher water. * They're also strong enough to take bigger engines, with the largest model able to accommodate up to a 55hp outboard.

Due to our constant efforts to offer the finest products available, Mercury inflatables reserves the right to change specifications without notice.EquipmentHull
• Ideal for diving and fishing.
• Aluminium floorboards with strong interior construction (#1 & 2 floorboards are fibreglass).
• Inflatable keel forms a V in bottom of the boat for improved performance.
• Stainless steel towing eyes in transom, make ideal davit lifting points or towing eyes for water sports activities.
• ABS sheet laminated transom, eliminates transom maintenance. Includes plastic shim to raise motor height if necessary.
• Inside one way water drain.
Buoyancy Tube
• Available in Mehler Haku PVC or Achillies HP fabric
• 3 separate internal air chambers for safety.
• Semi-recessed air valves - self draining, internal spring-loaded quick seal system, with plug.
